UCSI UNIVERSITY TRUST
SCHOLARSHIPS AND GRANTS

CHANGE YOUR LIFE
CHANGE THE WORLD

You come to UCSI University to do things that matter. Join the fight against cancer. Start your own path-breaking enterprise the future. **Not worry about a student loan.**

We hear you. And if you have the ideas, drive and passion to change the world, we want to help. Starting with yours. The UCSI Trust has opened doors for 18,372 scholars since 1986. That's a disbursement of over RM400mil in scholarships and grants. thousands of lives changed.

UCSI scholars have a time-tested tradition of achievement. And when they do well, so does humanity. From starting path-brea enterprises to advancing cutting-edge science, our scholars contribute to social change and innovation.

We are honoured to pave the way for our scholars during their time with us. They will go on to pave the way for future genera when they do, humanity wins. If you want to be a changemaker, we want to hear from you.

WHAT
OUR SCHOLARS SAY

James Koo Jian Wei, ACIA, AIAA

Co-founder of Kewdoo - a Malaysian tech startup that specialises in F&B management
Bachelor of Science (Hons) Actuarial Science

Malaysia Book of Records Inductee | YSEALI Academic Fellow |
MaGIC GAP Cohort 5 | Valedictorian, Class of 2019

Receiving a UCSI scholarship transformed my academic and professional journey. The University's culture of excellence helped me excel academically. And I enjoyed the freedom to explore unique, career-shaping opportunities.

I am profoundly grateful as I was able to focus solely on my studies and personal growth. I went on to record many fond memories, from being inducted into the Malaysia Book of Records to participating in international business case competitions in Singapore and Thailand. These experiences helped me expand my skills and network.

I also met my best friend at UCSI and we ended up co-founding Kewdoo, a tech startup that empowers over 200 merchants across Malaysia. Kewdoo was recognised as a top startup by MaGIC and SIDEC, graduating from their accelerator programmes. I'm glad that our friendship evolved into a shared vision for the tech industry.

None of this would be possible without UCSI's praxis approach that emphasises industry and community engagement. I've enjoyed invaluable support from UCSI's Breadboard Incubation Programme and this equipped me with the skills and know-how to launch and grow Kewdoo before I graduated.

Khiew Hoe Yean

National Olympian, Malaysia's #1 Swimmer
Bachelor of Computer Science (Hons)

Multiple national record holder (400m freestyle, 800m freestyle, 1500m freestyle, 200m backstroke, 200m individual medley, 4x100m freestyle relay, 4x200m freestyle relay, 4x100m medley relay)

I love representing Malaysia and being on the podium. But I know I can't beat Father Time and compete forever. That's why education is crucial for athletes like me. My UCSI scholarship equips me with firm foundations for a post-athletic future. I'm happy to be part of this dynamic learning environment and I'm glad that there are many national and state athletes here with me. We support each other and it helps to have people who know exactly what you're going through.

My professors and the University management are very supportive, particularly when I'm training or competing overseas. I enjoy the flexibility and trust to balance both athletics and my studies and for that, I'm grateful. My UCSI scholarship allows me to focus on what I do best - achieving results for Malaysia. I've broken four national records in the 400m, 800m and 1,500m freestyle, as well as the 200m backstroke, after joining UCSI and I'm looking forward to setting more milestones here.

Annice Lyn

Co-founder of Women Photographers Malaysia
Bachelor of Science (Hons) in Architectural Technology, 2015

2021 Forbes 30 Under 30 Asia inductee
2020 Prestige 40 Under 40 laureate
Award-winning photographer

Receiving a scholarship from UCSI was an incredible opportunity that empowered me to pursue my passion in both architecture and photography. I read Architecture and the programme taught me to appreciate the balance between precision and creativity - two elements that now guide my career as a photojournalist. Photography, like architecture, is a coalescence of technicality and artistry.

My time at UCSI showed me the importance of perseverance and growth, values I aim to pass on to the next generation of creatives. UCSI fosters a space where students are encouraged to push boundaries, think critically and transform visions into reality. I'm proud to have been a part of this transformative journey. I've had many fond memories here and I'm incredibly grateful to UCSI founder Dato' Peter Ng and Shannen Choi for the opportunities I've enjoyed at UCSI.

Suzanne Ling Sook Shian

Co-founder of PichaEats - - an award-winning social enterprise that empowers refugees
Bachelor of Arts (Hons) in Psychology
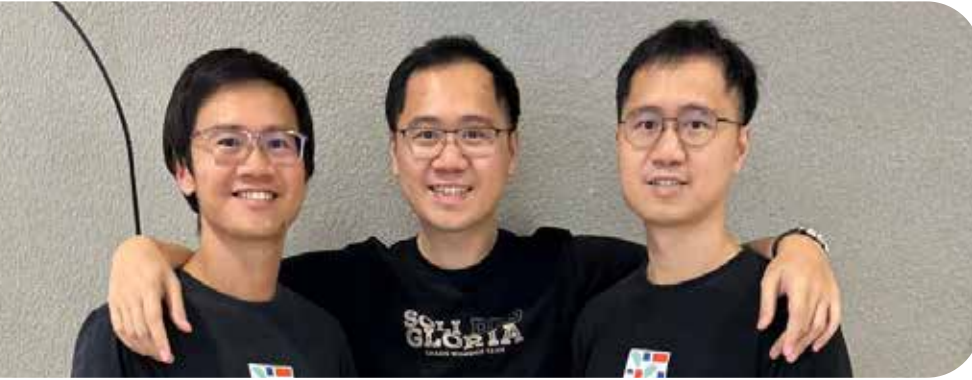

2018 Forbes 30 Under 30 Asia inductee

I'm forever grateful to be a full scholarship recipient from UCSI , which not only supported me financially but also provided opportunities for personal and professional development.

During my time at the University as a scholar, I was empowered to organise leadership events, engage with industry leaders and gain real-world workplace exposure. I also participated in meaningful volunteer work, building skills and connections that laid the foundation for co-founding a social enterprise after graduation. Beyond financial aid, Shannen Choi and the UCSI University Trust genuinely invest in the growth and success of their scholars.

ALL IN THE FAMILY
3 BROTHERS. 3 SCHOLARSHIPS.
1 COMMON RESULT: SUCCESS

Raised by their single mom in their teenage years, David, Daniel and Dan have faced their fair share of financial difficulties. Higher education looked out of reach but the Soo brothers did not give up. UCSI scholarships changed their destinies and today, they look back on where it all started.

David Soo Guo Cheong
Operations manager, Intralink Techno Sdn Bhd
BEng (Hons) Chemical Engineering (2015)
MBA (2018)

"I always believed that furthering my studies would give me a better future. Thankfully, my dream of becoming an engineer was realised with a UCSI scholarship. I enjoyed the holistic experience, graduated as valedictorian and I have so many fond memories that I treasure. Thank you, UCSI!"

Dan Soo Yiong Cheong
Fund accountant, Aham Asset Management
Bachelor of Arts (Hons) in Accounting and Finance (2016)

"I can only thank UCSI for the wonderful opportunity. My scholarship greatly reduced my financial stress, allowing me to focus on my studies while helping my family. I was very motivated to excel academically, chart a career in finance and make a positive impact."

Daniel Soo Zhong Cheong
Technology consultant,
Ernst and Young Consulting Sdn Bhd
Bachelor of Science (Hons) Actuarial Science (2016)

"UCSI scholarships really changed the equation for me and my family as three of us were pursuing tertiary education simultaneously. Thanks to the generous support, we were able to fully experience university life - gaining invaluable knowledge, building lifelong friendships and creating lasting memories.
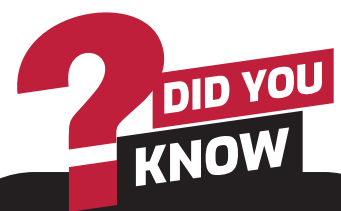

I am deeply grateful for the scholarship and the opportunity. Thank you, UCSI, for empowering me and making me who I am today."

GO BEYOND
MAKE A DIFFERENCE

All UCSI scholars automatically become members of *Youth Beyond Boundaries* - an acclaimed fraternity that revolves around youth development, community organising and entrepreneurship.

Led and run by UCSI scholars, *Youth Beyond Boundaries* prepares youths to rise up as changemakers. Addressing societal challenges that are far larger than themselves, UCSI scholars have empowered refugees, engaged prominent leaders, championed ESG causes and launched path-breaking startups long before graduation.

Be part of this dynamic community of changemakers, build lasting friendships, empower society and be the change you're seeking for.

? DID YOU KNOW

Three out of UCSI's four Forbes 30 Under 30 Asia inductees are scholars who actively served in *Youth Beyond Boundaries*.
